³ The same amounts being often returned under more than one heading (e.g., “Real Estate, Other Assets, and Reserves”), the aggregates of percentages would be more than 100.

GENERAL STATUTES, CHAP. 68, SECT. 35 (P. S., CHAP. 105, SECT. 40), OF DISSOLUTION.

“When a majority in number or interest of the members of a corporation desire to close their concerns, they may apply by petition to the supreme judicial court, setting forth in substance the grounds of their application; and the court, after due notice to all parties interested, may proceed to hear the matter, and for reasonable cause decree a dissolution of the corporation. Corporations so dissolved shall be deemed and held extinct in all respects as if their charters had expired by their own limitation.”

[Chap. 157 of the Acts of 1880.] (P. S., chap. 105, sect. 45.)

AN ACT REQUIRING RETURNS TO BE MADE OF CORPORATIONS DISSOLVED BY THE SUPREME JUDICIAL COURT.

Be it enacted, etc., as follows:

Whenever a corporation is dissolved by the supreme judicial court, the clerk of the courts for the county in which the decree or order for dissolution is made shall forthwith make return thereof to the Secretary of the Commonwealth, giving the name of the corporation dissolved and the date upon which such order or decree was made. [Approved March 29, 1880.]

CERTIFICATES OF PAYMENT AND INVESTMENT OF CAPITAL.

The attention of the officers of corporations is called to the requirements of the corporation laws respecting the filing and recording of certificates of payment and investment of capital. Special attention is asked to the following Acts: viz., Acts of 1870, chap. 224, sects. 32, 38, 39 (P. S., chap. 106, sects. 46, 60, 61); Acts of 1875, chap. 177, sects. 1, 2 (P. S., chap. 106, sects. 48, 49).

RECORDS, INDEXES, FEES, PUBLICATIONS, ETC.

A complete general index has been prepared for each year, embracing every certificate recorded in the department, concerning joint stock and other corporations, since the year 1851, when the first were recorded. This index includes all railroad, railway, insurance, manufacturing, mining, and other business corporations, together with associations for library, benevolent, educational, and religious purposes, which have filed certificates of any kind in this office.

The records of religious and benevolent associations date only from the year 1874, when the existing law for their formation, and for the filing of their certificates in the Secretary's office, went into effect. The department has no knowledge of the legal existence of those formed previously to 1874 under general law, as the certificates of such organizations were required to be “recorded in the office of the register of deeds for the county or district” wherein they were located; nor has it official information of any class of corporations dissolved by the Supreme Judicial Court previous to 1880.

Every fee paid into the department for recording under the provisions of chap. 224 of 1870 (P. S., chap. 106), and every subsequent corporation act (as well as those for

some years previous), is made a matter of record with the certificate itself, the money being paid into the treasury at the time designated by statute. The propriety of such record is not only obvious, but the record has been found to be necessary in order to the just assessment of subsequent fees, dependent upon the amount of payments previously made. (*Vide* chap. 356 of the Acts of 1871, or P. S., chap. 106, sect. 84, 3d cl.)

Abstracts of the annual returns are made and published weekly by the proprietor of "The Banker and Tradesman" of Boston.

1874, 349, 1 and *P. S.* 106, 54.

893 certificates filed (21 of which were for former years, or were duplicates), reducing the number to 872 corporations which make returns.			Percentage to Total of Assets.
Total fixed capital of these 872 corporations,	\$150,280,735		50.84
<i>Assets, ¹ as follows:—</i>

Buildings,	21,012,553		7.11
Machinery (sometimes included with real estate, and excluded here),	55,900,641		18.81
Other Assets (some return <i>aggregates</i> and others <i>miscellaneous</i>),	95,323,036		32.25
Cash and debts receivable,	55,674,011		18.80
Manufactures, merchandise, material, and stock in process,	75,717,863		25.61

Reserves (some corporations give total, others give this item as a <i>detail</i>),	34,963,652		11.53
Balance Profit and Loss (some corporations return this as <i>deficits</i> , which are omitted from the table, and given in the foot-notes),	27,326,797		9.01
Reserve for Depreciation (this reserve is held by some corporations for other purposes, and is so stated in a note),	10,876,666		3.58
Total liabilities of corporations as they foot up in the table, ²	303,090,563		³

¹ In tabulating, the fraction of a dollar, if over 50 cents, is added as one dollar; if less than 50 cents, it is dropped.

² But the totals of assets and liabilities of corporations failing to give *totals* are here *added* to those given (in all 872).

³ The same amounts being often returned under more than one heading (e.g., "Real Estate, Other Assets and Reserves"), the aggregates of percentages would be more than 100.

"When a majority in number or interest of the members of a corporation desire to close its concerns, they may apply by petition to the supreme judicial court, setting forth in substance the grounds of their application; and the court, after due notice to all parties interested, and a hearing, may, for reasonable cause decree a dissolution of the corporation. A corporation so dissolved shall be deemed and held extinct in all respects as if its corporate existence had expired by its own limitation."

[P. S., chap. 105, sect. 45.]

RETURNS TO BE MADE OF CORPORATIONS DISSOLVED BY THE SUPREME JUDICIAL COURT.

When a corporation is dissolved by the supreme judicial court, the clerk of the courts for the county in which the decree or order for dissolution is made shall forthwith make return thereof to the Secretary of the Commonwealth, giving the name of the corporation dissolved, and the date upon which such order or decree was made.

CERTIFICATES OF PAYMENT AND INVESTMENT OF CAPITAL.

The attention of the officers of corporations is called to the requirements of the corporation laws respecting the filing and recording of certificates of payment and investment of capital. Special attention is asked to the following: P. S., chap. 106, sects. 46, 48, 49, 60, 61.

RECORDS, INDEXES, FEES, PUBLICATIONS, ETC.

A complete general index has been prepared for each year, embracing every certificate recorded in the department, concerning joint stock and other corporations, since the year 1851, when the first were recorded. This index includes all railroad, railway, insurance, manufacturing, mining, and other business corporations, together with associations for library, benevolent, educational, and religious purposes, which *have filed certificates* of any kind in this office.

The records of religious and benevolent associations date only from the year 1874, when the existing law for their formation, and for the filing of their certificates in the Secretary's office, went into effect. The department has no knowledge of the legal existence of those formed previously to 1874 under general law, as the certificates of such organizations were required to be "recorded in the office of the register of deeds for the county or district" wherein they were located; nor has it official information of any class of corporations *dissolved* by the supreme judicial court previous to 1880.

Every fee paid into the department for recording under the provisions of chap. 224 of 1870 (P. S., chap. 106), and every subsequent corporation act (as well as those for some years previous), has been made a matter of record with the certificate itself, the money being paid into the treasury at the time designated by statute. The propriety of such record is not only obvious, but the record has been found to be necessary in order to the just assessment of subsequent fees, dependent upon the amount of payments previously made. (*Vide* chap. 356 of the Acts of 1871, or P. S., chap. 106, sect. 84, 3d cl.)

Abstracts of the annual returns are made and published weekly by the proprietor of "THE BANKER AND TRADESMAN" of Boston.

The abstracts of *the following table* are alphabetically arranged, only so far as the *initial letter* of the title is concerned,—and otherwise they are chronologically entered. The certificates are receivable through the year, up to and including December 31. Time and opportunity are not given before the “first Wednesday of January” to prepare a more complete alphabetical arrangement.

It will be seen that the table is a consolidated balance-sheet,—but as its several items come from the hand of every variety of book-keeper, it is difficult in the space allowed, so to analyze the returns as to reduce them to a complete uniformity. Take the general heading, “OTHER ASSETS,” for instance,—some returns are aggregates, as is intended; some however, are *detail* or miscellaneous returns, and others embrace *deficits* or balances of profit and loss, not in any way ASSETS.

ASSETS.		a \$	LIABILITIES.		a \$
REAL ESTATE: <i>b</i>			CAPITAL STOCK paid in,		
c Land and Water Power,
c Buildings,
MACHINERY, <i>b</i>
OTHER ASSETS: <i>b</i>		.	RESERVES:		.
c Cash and Debts receivable,	c Balance Profit and Loss,	.	.
c Manufactures, merchandise, material and stock in process,	c Reserve for Depreciation,	.	.
c Patent Rights,			
c Miscellaneous,			
Total, <i>d</i>	Total, <i>d</i>

a The blanks contain *double* columns to receive the several items of this return.

b "Real Estate," should be extended to the right-hand column; as also "Machinery" and "Other Assets."

c These are *detail* items, and should go into the left-hand column.

d In verifying the Totals of *Assets and Liabilities* in this table of abstracts from the annual certificates of Condition, do not *add* the item REAL ESTATE, if the *detail* columns, "Land and Water Power," and "Buildings" are filled respectively with those two specifications, as the result would be to *double* the amount of real estate. The same remark applies to the item OTHER ASSETS, if that is evidently the sum of "Cash and Debts Receivable," "Manufactures, Merchandise, Material and Stock in Process," "Patent Rights," and "Miscellaneous;"—and so with respect to RESERVES among the "Liabilities," it sometimes comprehends "Balance, Profit and Loss," and "Reserve for Depreciation." The *obvious* reason for this suggestion is, that the returns are not uniform; some are in *gross*, some in *detail only*, and others are *both in gross and in detail*. In tabulating the Returns, the columns are necessarily arranged to receive the items as *reported*, whether correct or not; for the Department has no means of correcting a return after it has been approved and filed. Any *apparent* error is indicated in a foot-note.

PUBLIC STATUTES, CHAP. 105, SECT. 40, OF DISSOLUTION.

"When a majority in number or interest of the members of a corporation desire to close its concerns, they may apply by petition to the supreme judicial court setting forth in substance the grounds of their application; and the court, after due notice to all parties interested, and a hearing, may, for reasonable cause, decree a dissolution of the corporation. A corporation so dissolved shall be deemed and held extinct in all respects as if its corporate existence had expired by its own limitation."

[P. S., chap. 105, sect. 45.]

RETURNS TO BE MADE OF CORPORATIONS DISSOLVED BY THE SUPREME JUDICIAL COURT.

When a corporation is dissolved by the supreme judicial court, the clerk of the courts for the county in which the decree or order for dissolution is made shall forthwith make return thereof to the Secretary of the Commonwealth, giving the name of the corporation dissolved, and the date upon which such order or decree was made.

CERTIFICATES OF PAYMENT AND INVESTMENT OF CAPITAL.

The attention of the officers of corporations is called to the requirements of the corporation laws respecting the filing and recording of certificates of payment and investment of capital. Special attention is asked to the following: Public Statutes, chap. 106, sects. 46, 48, 49, 60, 61.

RECORDS, INDEXES, FEES, PUBLICATIONS, ETC.

A complete general index has been prepared for each year, embracing every certificate recorded in the department, concerning joint stock and other corporations, since the year 1851, when the first were recorded. This index includes all railroad, railway, insurance, manufacturing, mining, and other business corporations, together with associations for library, benevolent, educational and religious purposes, which *have filed certificates* of any kind in this office.

The records of religious and benevolent associations date only from the year 1874, when the existing law for their formation, and for the filing of their certificates in the Secretary's office, went into effect. The department has no knowledge of the legal existence of those formed previously to 1874 under general law, as the certificates of such organizations were required to be "recorded in the office of the register of deeds for the county or district" wherein they were located; nor has it official information of any class of corporations *dissolved* by the supreme judicial court previous to 1880.

Every fee paid into the department for recording under the provisions of chap. 224 of 1870 (P. S., chap. 106), and every subsequent corporation act (as well as those for some years previous), has been made a matter of record with the certificate itself, the money being paid into the treasury at the time designated by statute. The propriety of such record is not only obvious, but the record has been found to be necessary in order to the just assessment of subsequent fees, dependent upon the amount of payments previously made. (*Vide* chap. 356 of the Acts of 1871, or P. S., chap. 106, sect. 84, 3d cl.)

Abstracts of the annual returns are made and published weekly by the proprietor of "THE BANKER AND TRADESMAN" of Boston. Other abstracts of the original certificates are made by representatives of the press, and others, for the accuracy of which the department is not responsible.

The abstracts of *the following table* are alphabetically arranged, only so far as the *initial letter* of the title is concerned, — and otherwise they are chronologically entered. The certificates are receivable through the year, up to and including December 31. Time and opportunity are not given before the “first Wednesday of January” to prepare a more complete alphabetical arrangement.

It will be seen that the table is a consolidated balance-sheet, — but as its several items come from the hand of every variety of book-keeper, it is difficult in the space allowed, so to analyze the returns as to reduce them to a complete uniformity. Take the general heading, “OTHER ASSETS,” for instance, — some returns are aggregates, as is intended; some however, are *detail* or miscellaneous returns, and others embrace *deficits* or balances of profit and loss, not in any way ASSETS.

a In verifying the TOTALS of *Assets and Liabilities* in this table of abstracts from the annual certificates of Condition, do not add the item REAL ESTATE, if the detail columns, "Land and Water-Power," and "Buildings" are filled respectively with those two specifications, as the result would be to double the amount of real estate. The same remark applies to the item OTHER ASSETS, if that is evidently the sum of "Cash and Debts Receivable," "Manufactures, Merchandise, Material and Stock in Process," "Patent Rights," and "Miscellaneous;" — and so with respect to RESERVES among the "Liabilities," it sometimes comprehends "Balance, Profit and Loss," and "Reserve for Depreciation." The obvious reason for this suggestion is, that the returns are not uniform; some are in gross, some in detail only, and others are both in gross and in detail. In tabulating the Returns, the columns are necessarily arranged to receive the items as reported, whether correct or not; for the Department has no means of correcting a return after it has been approved and filed. Any apparent error is indicated in a foot-note.

PUBLIC STATUTES, CHAP. 105, SECT. 40, OF DISSOLUTION.

"When a majority in number or interest of the members of a corporation desire to close its concerns, they may apply by petition to the supreme judicial court setting forth in substance the grounds of their application; and the court, after due notice to all parties interested, and a hearing, may, for reasonable cause, decree a dissolution of the corporation. A corporation so dissolved shall be deemed and held extinct in all respects as if its corporate existence had expired by its own limitation."

[P. S., chap. 106, sect. 45.]

RETURNS TO BE MADE OF CORPORATIONS DISSOLVED BY THE SUPREME JUDICIAL COURT.

When a corporation is dissolved by the supreme judicial court, the clerk of the courts for the county in which the decree or order for dissolution is made shall forthwith make return thereof to the Secretary of the Commonwealth, giving the name of the corporation dissolved, and the date upon which such order or decree was made.

CERTIFICATES OF PAYMENT AND INVESTMENT OF CAPITAL.

The attention of the officers of corporations is called to the requirements of the corporation laws respecting the filing and recording of certificates of payment and investment of capital. Special attention is asked to the following: Public Statutes, chap. 106, sects. 46, 48, 49, 60, 61.

RECORDS, INDEXES, FEES, PUBLICATIONS, ETC.

A complete general index has been prepared for each year, embracing every certificate recorded in the department, concerning joint stock and other corporations, since the year 1851, when the first were recorded. This index includes all railroad, railway, insurance, manufacturing, mining, and other business corporations, together with associations for library, benevolent, educational and religious purposes, which *have filed certificates* of any kind in this office.

The records of religious and benevolent associations date only from the year 1874, when the existing law for their formation, and for the filing of their certificates in the Secretary's office, went into effect. The department has no knowledge of the legal existence of those formed previously to 1874 under general law, as the certificates of such organizations were required to be "recorded in the office of the register of deeds for the county or district" wherein they were located; nor has it official information of any class of corporations *dissolved* by the supreme judicial court previous to 1880.

Every fee paid into the department for recording under the provisions of chap. 224 of 1870 (P. S., chap. 106), and every subsequent corporation act (as well as those for some years previous), has been made a matter of record with the certificate itself, the money being paid into the treasury at the time designated by statute. The propriety of such record is not only obvious, but the record has been found to be necessary in order to the just assessment of subsequent fees, dependent upon the amount of payments previously made. (*Vide* chap. 356 of the Acts of 1871, or P. S., chap. 106, sect. 84, 3d cl.)

Abstracts of the annual returns are made and published weekly by the proprietor of "THE BANKER AND TRADESMAN" of Boston. Other abstracts of the original certificates are made by representatives of the press, and others, for the accuracy of which the department is not responsible.

PUBLIC STATUTES, CHAP. 105, SECT. 40, OF DISSOLUTION.

“When a majority in number or interest of the members of a corporation desire to close its concerns, they may apply by petition to the supreme judicial court setting forth in substance the grounds of their application; and the court, after due notice to all parties interested, and a hearing, may, for reasonable cause, decree a dissolution of the corporation. A corporation so dissolved shall be deemed and held extinct in all respects as if its corporate existence had expired by its own limitation.”

[P. S., chap. 106, sect. 45.]

RETURNS TO BE MADE OF CORPORATIONS DISSOLVED BY THE SUPREME
JUDICIAL COURT.

When a corporation is dissolved by the supreme judicial court, the clerk of the courts for the county in which the decree or order for dissolution is made shall forthwith make return thereof to the Secretary of the Commonwealth, giving the name of the corporation dissolved, and the date upon which such order or decree was made.

CERTIFICATES OF PAYMENT AND INVESTMENT OF CAPITAL.

The attention of the officers of corporations is called to the requirements of the corporation laws respecting the filing and recording of certificates of payment and investment of capital. Special attention is asked to the following: Public Statutes, chap. 106, sects. 46, 48, 49, 60, 61.

RECORDS, INDEXES, FEES, PUBLICATIONS, ETC.

A complete general index has been prepared for each year, embracing every certificate recorded in the department, concerning joint stock and other corporations, since the year 1851, when the first were recorded. This index includes all railroad, railway, insurance, manufacturing, mining, and other business corporations, together with associations for library, benevolent, educational and religious purposes, which *have filed certificates* of any kind in this office.

The records of religious and benevolent associations date only from the year 1874, when the existing law for their formation, and for the filing of their certificates in the Secretary's office, went into effect. The department has no knowledge of the legal existence of those formed previously to 1874 under general law, as the certificates of such organizations were required to be "recorded in the office of the register of deeds for the county or district" wherein they were located; nor has it official information of any class of corporations *dissolved* by the supreme judicial court previous to 1880.

Every fee paid into the department for recording under the provisions of chap. 224 of 1870 (P. S., chap. 106), and every subsequent corporation act (as well as those for some years previous), has been made a matter of record with the certificate itself, the money being paid into the treasury at the time designated by the statute. The propriety of such record is not only obvious, but the record has been found to be necessary in order to the just assessment of subsequent fees, dependent upon the amount of payments previously made. (*Vide* chap. 356 of the Acts of 1871, or P. S., chap. 106, sect. 84, 3d cl.)

Abstracts of the annual returns are made and published weekly by the proprietor of "THE BANKER AND TRADESMAN" of Boston. Other abstracts of the original certificates are made by representatives of the press, and others, for the accuracy of which the department is not responsible.

PUBLIC STATUTES, CHAP. 105, SECT. 40, OF DISSOLUTION.

“When a majority in number or interest of the members of a corporation desire to close its concerns, they may apply by petition to the supreme judicial court, setting forth in substance the grounds of their application; and the court, after due notice to all parties interested, and a hearing, may, for reasonable cause, decree a dissolution of the corporation. A corporation so dissolved shall be deemed and held extinct in all respects as if its corporate existence had expired by its own limitations.”

[P. S. chap. 106, sect. 45.]

RETURNS TO BE MADE OF CORPORATIONS DISSOLVED BY THE SUPREME JUDICIAL COURT.

When a corporation is dissolved by the supreme judicial court, the clerk of the courts for the county in which the decree or order for dissolution is made shall forthwith make return thereof to the Secretary of the Commonwealth, giving the name of the corporation dissolved, and the date upon which such order or decree was made.

CERTIFICATES OF PAYMENT AND INVESTMENT OF CAPITAL.

The attention of the officers of corporations is called to the requirements of the corporation laws respecting the filing and recording of certificates of payment and investment of capital. Special attention is asked to the following: Public Statutes, chap. 106, sects. 46, 48, 49, 60, 61.

RECORDS, INDEXES, FEES, PUBLICATIONS, ETC.

A complete general index has been prepared for each year, embracing every certificate recorded in the department, concerning joint stock and other corporations, since the year 1851, when the first were recorded. This index includes all railroad, railway, insurance, manufacturing, mining and other business corporations, together with associations for library, benevolent, educational and religious purposes, which *have filed certificates* of any kind in this office.

The records of religious and benevolent associations date only from the year 1874, when the existing law for their formation, and for the filing of their certificates in the Secretary's office, went into effect. The department has no knowledge of the legal existence of those formed previously to 1874 under general law, as the certificates of such organizations were required to be "recorded in the office of the register of deeds for the county or district" wherein they were located; nor has it official information of any class of corporations *dissolved* by the supreme judicial court previous to 1880.

Every fee paid into the department for recording under the provisions of chap. 224 of 1870 (P. S. chap. 106), and every subsequent corporation act (as well as those for some years previous), has been made a matter of record with the certificate itself, the money being paid into the treasury at the time designated by the statute. The propriety of such record is not only obvious, but the record has been found to be necessary in order to the just assessment of subsequent fees, dependent upon the amount of payments previously made. (*Vide* chap. 356 of the Acts of 1871, or P. S. chap. 106, sect. 84, 3d cl.)

Abstracts of the annual returns are made and published weekly by the proprietor of "THE BANKER AND TRADESMAN" of Boston. Other abstracts of the original certificates are made by representatives of the press, and others, for the accuracy of which the department is not responsible.

The following “associations” have applied in regular form for corporate franchises, their certificates of organization being duly approved by the Commissioner of Corporations and deposited in this department, recorded, and “charters,” or otherwise, “certificates of incorporation” duly executed in behalf of each; but no parties representing either of them appearing to claim said charters or pay the legal fees,—the said associations having no legal evidence of incorporation are deemed in abeyance as corporations, until such time as they shall fully comply with the requirements of law in such cases made and provided. As there is no legal limit of time established within which they must apply for the certificate of their corporate existence, the said charters are held for delivery, upon a compliance with the remaining provisions of law in that respect:—

PUBLIC STATUTES, CHAP. 105, SECT. 40, OF DISSOLUTION.

“When a majority in number or interest of the members of a corporation desire to close its concerns, they may apply by petition to the supreme judicial court, setting forth in substance the grounds of their application; and the court, after due notice to all parties interested, and a hearing, may, for reasonable cause, decree a dissolution of the corporation. A corporation so dissolved shall be deemed and held extinct in all respects as if its corporate existence had expired by its own limitations.”

[P. S. chap. 106, sect. 45.]

RETURNS TO BE MADE OF CORPORATIONS DISSOLVED BY THE SUPREME JUDICIAL COURT.

When a corporation is dissolved by the supreme judicial court, the clerk of the courts for the county in which the decree or order for dissolution is made shall forthwith make return thereof to the Secretary of the Commonwealth, giving the name of the corporation dissolved, and the date upon which such order or decree was made.

CERTIFICATES OF PAYMENT AND INVESTMENT OF CAPITAL.

The attention of the officers of corporations is called to the requirements of the corporation laws respecting the filing and recording of certificates of payment and investment of capital. Special attention is asked to the following: Public Statutes, chap. 106, sects. 46, 48, 49, 60, 61.

RECORDS, INDEXES, FEES, PUBLICATIONS, ETC.

A complete general index has been prepared for each year, embracing every certificate recorded in the department, concerning joint stock and other corporations, since the year 1851, when the first were recorded. This index includes all railroad, railway, insurance, manufacturing, mining and other business corporations, together with associations for library, benevolent, educational and religious purposes, which *have filed certificates* of any kind in this office.

The records of religious and benevolent associations date only from the year 1874, when the existing law for their formation, and for the filing of their certificates in the Secretary's office, went into effect. The department has no knowledge of the legal existence of those formed previously to 1874 under general law, as the certificates of such organizations were required to be "recorded in the office of the register of deeds for the county or district" wherein they were located; nor has it official information of any class of corporations *dissolved* by the supreme judicial court previous to 1880.

Every fee paid into the department for recording under the provisions of chap. 224 of 1870 (P. S. chap. 106), and every subsequent corporation act (as well as those for some years previous), has been made a matter of record with the certificate itself, the money being paid into the treasury at the time designated by the statute. The propriety of such record is not only obvious, but the record has been found to be necessary in order to the just assessment of subsequent fees, dependent upon the amount of payments previously made. (*Vide* chap. 356 of the Acts of 1871, or P. S. chap. 106, sect. 84, 3d cl.)

Abstracts of the annual returns are made and published weekly by the proprietor of "THE BANKER AND TRADESMAN" of Boston. Other abstracts of the original certificates are made by representatives of the press, and others, for the accuracy of which the department is not responsible.

A corporation so dissolved shall be deemed and held extinct in all respects as if its corporate existence had expired by its own limitations.”

[P. S. chap. 106, sect. 45.]

RETURNS TO BE MADE OF CORPORATIONS DISSOLVED BY THE SUPREME JUDICIAL COURT.

When a corporation is dissolved by the supreme judicial court, the clerk of the courts for the county in which the decree or order for dissolution is made shall forthwith make return thereof to the Secretary of the Commonwealth, giving the name of the corporation dissolved, and the date upon which such order or decree was made.

CERTIFICATES OF PAYMENT AND INVESTMENT OF CAPITAL.

The attention of the officers of corporations is called to the requirements of the corporation laws respecting the filing and recording of certificates of payment and investment of capital. Special attention is asked to the following: Public Statutes, chap. 106, sects. 46, 48, 49, 60, 61.

RECORDS, INDEXES, FEES, PUBLICATIONS, ETC.

A complete general index has been prepared for each year, embracing every certificate recorded in the department, concerning joint stock and other corporations, since the year 1851, when the first were recorded. This index includes all railroad, railway, insurance, manufacturing, mining and other business corporations, together with associations for library, benevolent, educational and religious purposes, which *have filed certificates* of any kind in this office.

The records of religious and benevolent associations date only from the year 1874, when the existing law for their formation, and for the filing of their certificates in the Secretary's office, went into effect. The department has no knowledge of the legal existence of those formed previously to 1874 under general law, as the certificates of such organizations were required to be "recorded in the office of the register of deeds for the county or district" wherein they were located; nor has it official information of any class of corporations *dissolved* by the supreme judicial court previous to 1880.

Every fee paid into the department for recording under the provisions of chap. 224 of 1870 (P. S. chap. 106), and every subsequent corporation act (as well as those for some years previous), has been made a matter of record with the certificate itself, the money being paid into the treasury at the time designated by the statute. The propriety of such record is not only obvious, but the record has been found to be necessary in order to the just assessment of subsequent fees, dependent upon the amount of payments previously made. (*Vide* chap. 356 of the Acts of 1871, or P. S. chap. 106, sect. 84, 3d cl.)

Abstracts of the annual returns are made and published weekly by the proprietor of "THE BANKER AND TRADESMAN" of Boston. Other abstracts of the original certificates are made by representatives of the press, and others, for the accuracy of which the department is not responsible.

The following “associations” have applied in regular form for corporate franchises, their certificates of organization being duly approved by the Commissioner of Corporations and deposited in this department, recorded, and “charters,” or otherwise, “certificates of incorporation” duly executed in behalf of each; but, no parties representing either of them appearing to claim said charters or pay the legal fees, the said associations, having no legal evidence of incorporation, are deemed in abeyance as corporations, until such time as they shall fully comply with the requirements of law in such cases made and provided. As there is no legal limit of time established within which they must apply for the certificate of their corporate existence, the said charters are held for delivery, upon a compliance with the remaining provisions of law in that respect.

Commonwealth of Massachusetts.

SECRETARY'S DEPARTMENT, BOSTON, Jan. 1, 1890.

To the Honorable Senate and House of Representatives.

In compliance with the requirements of section 2 of chapter 106 of the Public Statutes, I have the honor to submit to the General Court a true ABSTRACT from the certificates required by said chapter to be deposited with the Secretary of the Commonwealth. The aggregate amount of capital invested in new enterprises in 1889 is \$40,301,735, and by increase of capital, \$10,036,600 additional. The whole number of certificates of incorporation issued is 524. The number of annual certificates of condition filed is 1,407, of which 38 are duplicates or omissions of a previous year.

The amount of fees paid into the treasury of the Commonwealth in 1889 from this department, on account of corporations, is \$16,329.80; for recording limited partnerships, \$54; total, \$16,383.80.

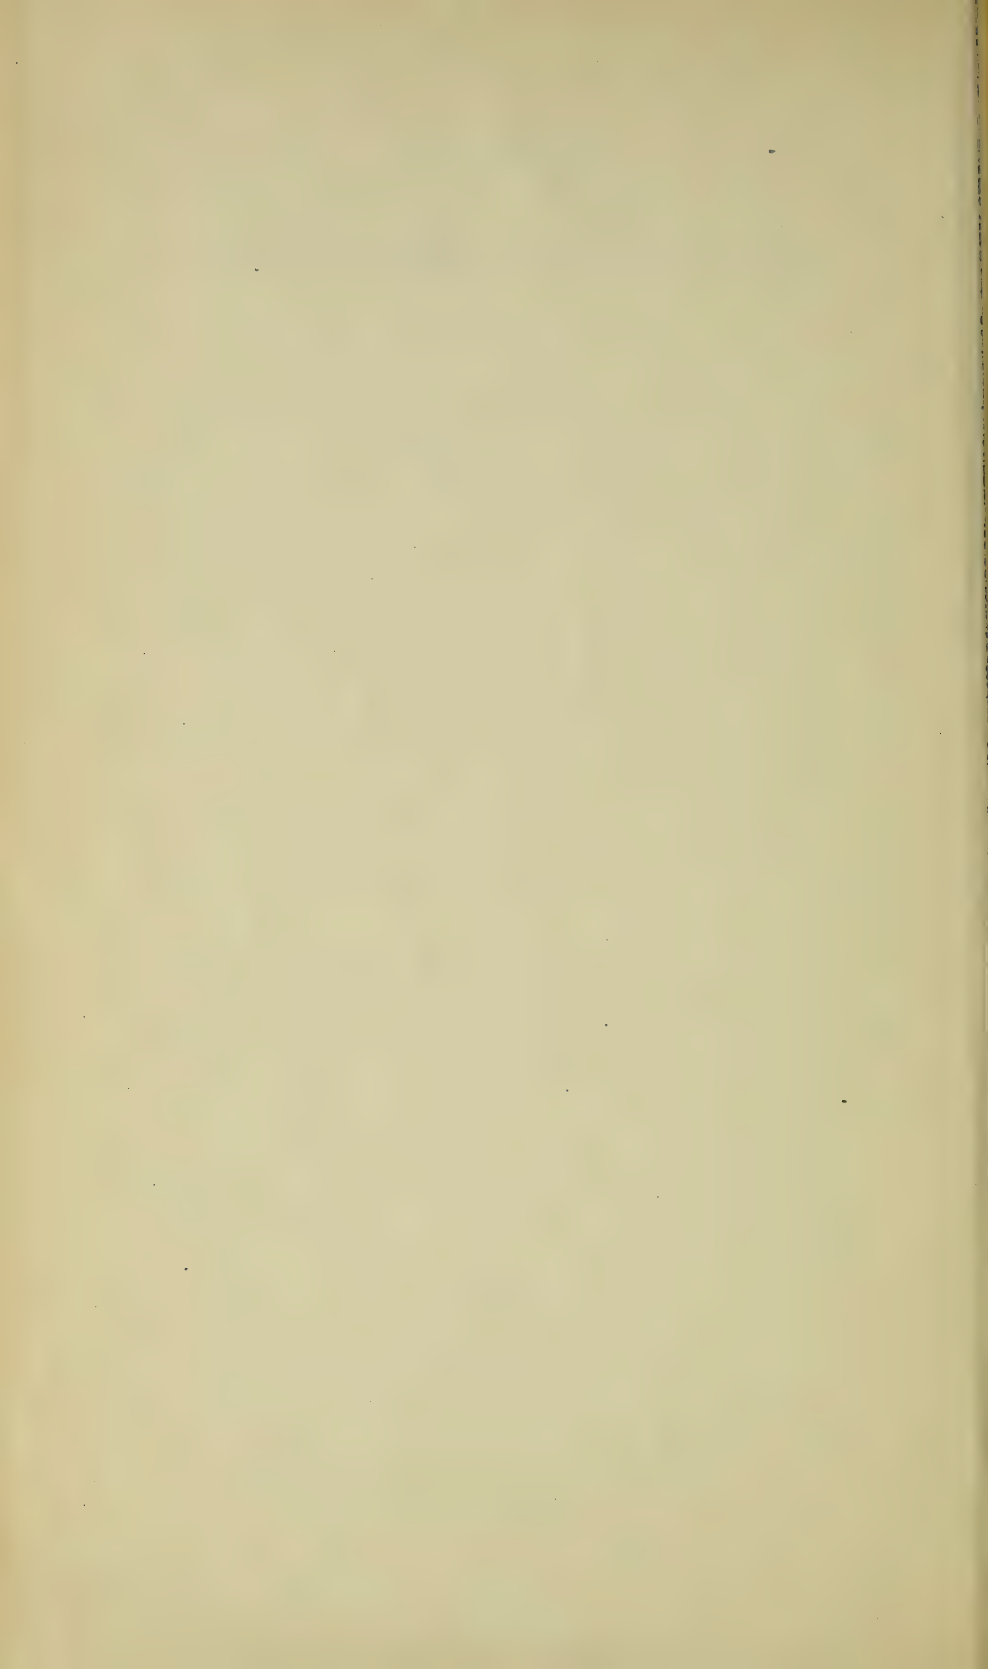

This branch of the business of the Secretary's department has assumed such proportions that I am led to recommend that the laws be so amended as to do away with the recording of certificates of organization and of certificates of condition altogether. The original certificates can be better preserved, and at less expense, by simply binding them together.

An additional appropriation of \$1,000 for clerical assistance will be necessary, in any event, in order that the certificates now on file, and the records, may be properly indexed.

Respectfully,

HENRY B. PEIRCE,

Secretary of the Commonwealth.

PUBLIC STATUTES, CHAP. 105, SECT. 40, OF DISSOLUTION.

“ When a majority in number or interest of the members of a corporation desire to close its concerns, they may apply by petition to the supreme judicial court, setting forth in substance the grounds of their application ; and the court, after due notice to all parties interested, and a hearing, may, for reasonable cause, decree a dissolution of the corporation. A corporation so dissolved shall be deemed and held extinct in all respects as if its corporate existence had expired by its own limitations.”

[P. S. chap. 106, sect. 45.]

RETURNS TO BE MADE OF CORPORATIONS DISSOLVED BY THE SUPREME JUDICIAL COURT.

When a corporation is dissolved by the supreme judicial court, the clerk of the courts for the county in which the decree or order for dissolution is made shall forthwith make return thereof to the Secretary of the Commonwealth, giving the name of the corporation dissolved, and the date upon which such order or decree was made.

CERTIFICATES OF PAYMENT AND INVESTMENT OF CAPITAL.

The attention of the officers of corporations is called to the requirements of the corporation laws respecting the filing and recording of certificates of payment and investment of capital. Special attention is asked to the following : Public Statutes, chap. 106, sects. 46, 48, 49, 60, 61.

RECORDS, INDEXES, FEES, PUBLICATIONS, ETC.

A complete general index has been prepared for each year, embracing every certificate recorded in the department, concerning joint stock and other corporations, since the year 1851, when the first were recorded. This index includes all railroad, railway, insurance, manufacturing, mining and other business corporations, together with associations for library, benevolent, educational and religious purposes, which *have filed certificates* of any kind in this office.

The records of religious and benevolent associations date only from the year 1874, when the existing law for their formation, and for the filing of their certificates in the Secretary's office, went into effect. The department has no knowledge of the legal existence of those formed previously to 1874 under general law, as the certificates of such organizations were required to be "recorded in the office of the register of deeds for the county or district" wherein they were located; nor has it official information of any class of corporations *dissolved* by the supreme judicial court previous to 1880.

Every fee paid into the department for recording under the provisions of chap. 224 of 1870 (P. S. chap. 106), and every subsequent corporation act (as well as those for some years previous), has been made a matter of record with the certificate itself, the money being paid into the treasury at the time designated by the statute. The propriety of such record is not only obvious, but the record has been found to be necessary in order to the just assessment of subsequent fees, dependent upon the amount of payments previously made. (*Vide* chap. 356 of the Acts of 1871, or P. S. chap. 106, sect. 84, 3d cl.)

Abstracts of the annual returns are made and published weekly by the proprietor of "THE BANKER AND TRADESMAN" of Boston. Other abstracts of the original certificates are made by representatives of the press and others, for the accuracy of which the department is not responsible.

The following "associations" have applied in regular form for corporate franchises, their certificates of organization being duly approved by the Commissioner of Corporations and deposited in this department, recorded, and "charters," or otherwise, "certificates of incorporation" duly executed in behalf of each; but, no parties representing either of them appearing to claim said charters or pay the legal fees, the said associations, having no legal evidence of incorporation, are deemed in abeyance as corporations, until such time as they shall fully comply with the requirements of law in such cases made and provided. As there is no legal limit of time established within which they must apply for the certificate of their corporate existence, the said charters are held for delivery, upon a compliance with the remaining provisions of law in that respect.
